

## Orienteering and map work skills

Pupils learn how to use orienteering maps of different scales to navigate around the courses at the centre and Woodhill Meadow. Map reading skills are explained including scale, keys, symbols and orientating a map. The pupils will develop problem solving abilities and learn to work together as part of a team. They will be able to find their way around our new orienteering course using orienteering maps.

### Key stage 2 -4 Cross curricular links

#### Geography

- Pupils learn map work skills and how to use a map

#### PSHE

- They learn how to work together as part of a team and take turns.
